LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, MARCH 8, 2005**, upon the application of **CAMTERRA RESOURCES, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Pettit Zone and the Jeter Zone**, in the Logansport Field, DeSoto Parish Louisiana.

1. To permit the applicant to designate and utilize an existing well bore, the Camterra Resources, Inc. - Garrett No. B-2 Well, as a substitute unit well for the PET SU59, such unit and well shown on the plat submitted with the application, in exception to the spacing provisions of Office of Conservation Order No. 28-E, effective October 3, 1944.
2. To designate and utilize two (2) alternate unit wells for the PET SU59, such wells shown on the plat submitted with the application and made a part hereof, in exception to the spacing provisions of Office of Conservation Order No. 28-E, effective October 3, 1944.
3. To re-define the Pettit Zone **FOR AND ONLY FOR** the unit designated PET SU59, as that gas and condensate bearing interval encountered between the electric log depths from 5,990 feet to 6,078 feet in the now Camterra Resources, Inc. - Garret No. B-2 Well, located in Section 28, Township 12 North, Range 16 West, DeSoto Parish, Louisiana.
4. To permit the applicant to designate an existing well bore as the unit well and two (2) alternate unit wells for the JETER SU54, such unit and wells shown on the plat submitted with the application, in exception to the spacing provisions of the 28-C Series of Office of Conservation Orders.
5. To find that a unit or substitute unit well and/or alternate unit wells are needed to drain a portion of the Pettit Zone and the Jeter Zone in each unit that cannot be drained by any other well located therein in each unit.
6. To permit the unit operator to produce the assigned unit allowable from the unit well, the alternate unit wells or from a combination of all wells at its discretion.
7. To consider such other matters as may be pertinent.

The Pettit Zone was defined in Office of Conservation Order No. 28-E, effective October 3, 1944. The Jeter Zone was defined in the 28-C Series of Office of Conservation Orders.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
